

U.S. Armslift to India Is Now Underway

By HENRY S. BRADSHAW

NEW DELHI, India (AP)—An American arms airlift gets underway from Germany today to bolster India's hard-pressed Himalayan army against the advance of Red China's invasion forces.

The first U.S. Air Force C-130 transport planes were to bring mountain artillery sorely needed to counter the Communists' superior firepower.

The first arms shipments were assembled from American stocks in Europe. Besides artillery, the first planes were bringing communications and transportation equipment, the State Department said in Washington.

India's request for Western military aid marked a sharp departure from a long-standing policy of cash purchases, to maintain India's determined neutrality. Initial shipments of new British weapons have already arrived here. Terms under which the aid is being furnished are still being negotiated.

Heavier U.S. weapons are expected to be sent next.

Prime Minister Nehru called for calm in the face of the Chinese aggression and chided thousands of university students whose anti-Chinese demonstrations Thursday he called "the acts of a weak people."

"This is not the time for these manifestations," he declared, urging his countrymen "to keep your heads cool and not be carried away by anger or emotion."

Police estimated 10,000 people—most of them university men and women—marched through the streets of the capital all day Thursday, destroying signs marking Chinese business houses and shouting for expulsion of the Red Chinese forces on the border. Police guarded all Chinese business houses and the headquarters of the Indian Communist party, which a mob looted on Wednesday.

Nehru said the demonstrations exceeded the limits of decency.

As the mobs demonstrated outside Communist party headquarters, the party council concluded two days of heated debate with a strong pro-Nehru resolution de-

State Income Still Rising

LITTLE ROCK (AP)—Revenue Commissioner Ted Donham said Wednesday income of the state government continues to rise.

Donham said the state received \$12,715,249 in October; \$917,688 more than the same month the previous year.

Revenues for the first four months of the fiscal year beginning July 1 were up 6.9 per cent, or \$3,610,758, to \$55,637,411, he said.

Donham said general revenues accounted for \$3,485,866 of the increase. This is \$704,227 more than was received in general revenues during October, 1961.

Of this, \$5,303,740 — or \$431,622 more than the receipts of October, 1961 — was brought in by the backbone of the general revenues, the sales tax.

County Per Capita Pay Below \$1,072

By BILL SIMMONS

LITTLE ROCK (AP)—The two most populous counties in Arkansas—Pulaski and Sebastian—had the highest per capita incomes in 1961, but for the next two most populous counties the parallel did not hold true, a University of Arkansas report showed Thursday.

The report, estimating Pulaski County's population at 500,726, said the per capita income was \$1,998, compared to a state average of \$1,445.

Sebastian, with a population estimate at 136,317, had a per capita income of \$1,990.

Jefferson and Mississippi counties, the next two most populated, were more than \$500 below Pulaski and Sebastian in per capita incomes.

Jefferson, with 19,483 persons, was estimated to have a per capita income \$14 below the state average. Mississippi, with 106,316 persons, had an income only \$26 above the average.

The report offered no explanation for the deviation between populations and per capita incomes and William Heffelfinger, director of the research program for the report, was in KANSAS City and unavailable for comment.

The report was compiled by the university's Bureau of Business and Economic Research in the College of Business Administration and a spokesman said he could not comment on the report.

The report took into consideration only 40 of the state's 75 counties, or those with at least a per capita income of \$1,000 in 1961.

It showed six counties with per capita incomes below \$1,100. The counties and incomes were Crittenden with \$1,068, Drew with \$1,072, Hempstead with \$1,095, Lee with \$1,029, Logan with \$1,036 and Monroe with \$1,089.

Two counties besides Pulaski and Sebastian had per capita incomes over \$1,900. They were Arkansas County (\$1,977) and Union County (\$1,927).

Counties with per capita incomes above the average but less than \$1,900 included Ashley, Columbia, Craighead, Garland, Hot Spring, Jackson, Mississippi, Poinsett and Washington.

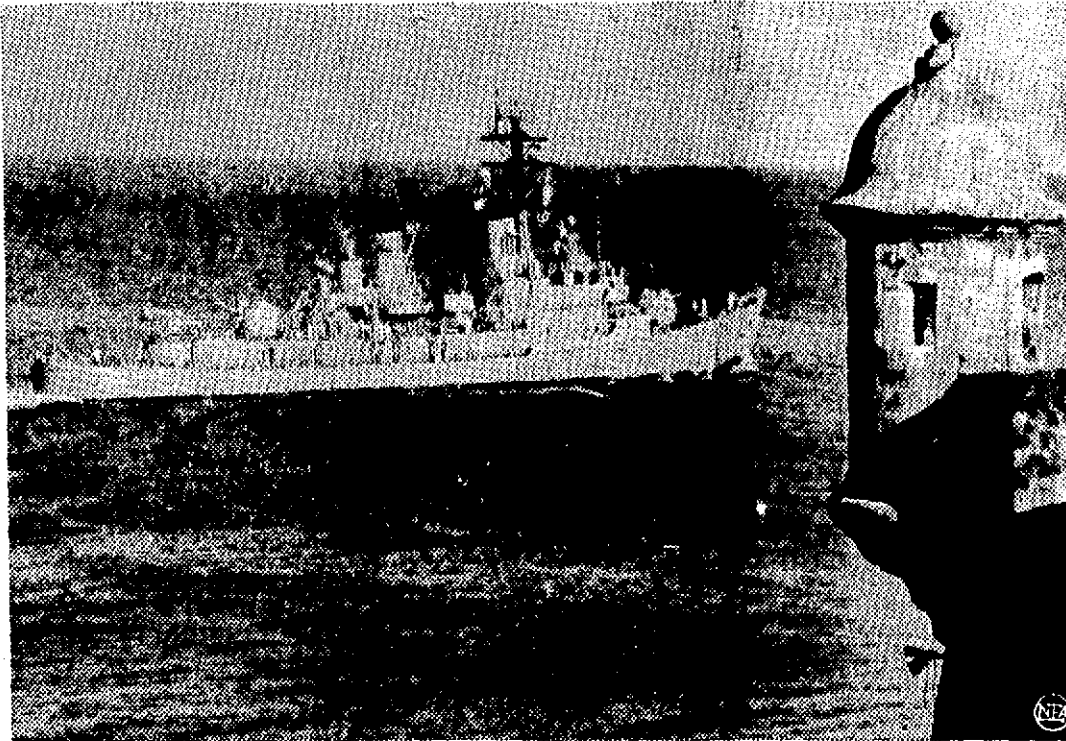

Counties with less than the average but at least \$1,100 per capita income included Benton, Boone, Bradley, Chicot, Clark, Clay, Conway, Cross, Desha, Faulkner, Greene, Independence, Lawrence, Ouachita, Phillips, Pope, St. Francis, Saline, White and Woodruff.

Summary of Lunchroom Operation

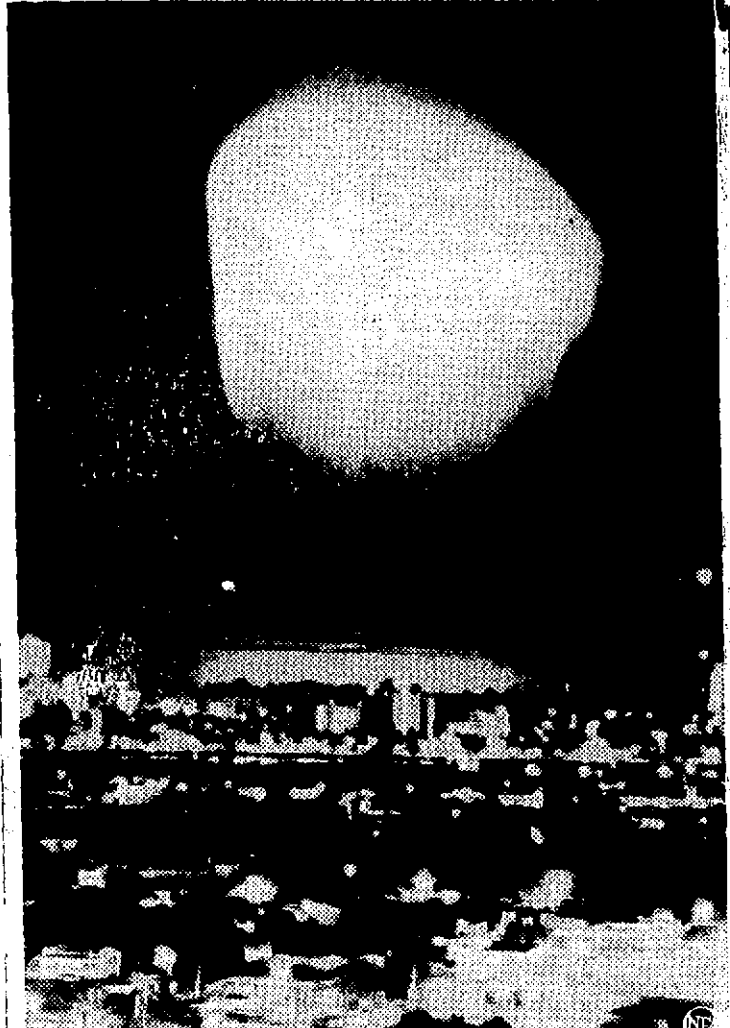

A summary of the total lunchroom program in Hope School District I-A for the year 1961-62, ending June 30, 1962, is outlined below.

Total number of meals served to students	173,511
Total number of meals served free to students	14,569
Total number of meals served to adults	8,978
Extra half-pints purchased by students	116,303
Total income for year, plus cash balance	\$51,565.16
Expenditures	
Food	32,378.76
Salaries	14,575.17
Other (Supplies-Equipment)	1,915.91
Cash Balance	49,069.87
7-1-62	\$2,495.25
Lunch Cost Elementary White High School white 30c, colored 20c.	

The lunchroom program is not a part of the regular budget of the School District. Several separate lunchroom programs are

HEADS FOR BLOCKADE POSITION — The guided missile destroyer Lawrence steams from Morro Castle Fortress at the entrance of San Juan, Puerto Rico, harbor. The Lawrence was the first ship to leave Puerto Rico to resume a blockade position that is guarding the approach to Cuba.

TEST FIREBALL — A pumpkin-colored fireball lights up Honolulu and Waikiki Beach from Johnston Island where the U.S. fired a nuclear test bomb into the atmosphere.

Democrats Planning a Big Show

LITTLE ROCK (AP)—The Democratic bandwagon rolls into Little Rock tonight, carrying Sen. Robert Kerr, D-Okla., and the seven men who now hold Arkansas' top political posts.

Kerr will be the featured speaker at a rally designed to keep four of the seven in office after the general election Tuesday. All four have Republican opponents.

Of the others, one did not have to run and the other two are unopposed.

The rally will be held in Barton Coliseum where Sen. Barry Goldwater, R-Ariz., held forth Wednesday at a GOP rally designed to unseat the four.

One of the four, Sen. J. William Fulbright, accused Goldwater and his Republican opponent Thursday night of trying to "make political capital out of an international crisis."

Fulbright charged the Republican pair of "trying to misrepresent my position on the Cuban invasion which failed, insinuating that somehow I was responsible."

Another member of the Democratic "team," Rep. Oren Harris of El Dorado, went on a 4-station television hookup Thursday night to remind his 4th district constituents that congressional seniority means "power for the state."

Harris, who is opposed by Republican Warren Liebong of Pine Bluff, noted the number of congressional committees headed by members of the Arkansas delegation and asked: "Who will head these committees if you elect Republicans?" His answers was "northern Democrats."

The rally tonight is sponsored by the Young Democrat Clubs of Arkansas. Backers predict a turnout of almost 10,000 persons.

Goldwater addressed about 1,500 persons Wednesday night.

Chief among the Democrats expecting a boost from Kerr are Fulbright, opposed by Dr. Kenneth Jones of Little Rock; Gov.

Union Grove Calls Pastor

The Rev. Howard Hill of Prescott has been called to pastor the Union Grove Baptist Church the first and third Sundays of each month. He is to be ordained Sunday, Nov. 4 at 2 p. m. at the Union Grove Church. All preachers and deacons are invited.

Hilderbrand Is Given 4 Terms

RUSSELLVILLE, Ark. (AP)—Joe Hilderbrand, the object of two intensive manumts in the heavily wooded hill country near Dover was sentenced Thursday in Pope County Circuit Court at Russellville to four five-year prison terms.

Hilderbrand, pleaded guilty to assaulting a 15-year-old girl near Dover, to assault and battery and to burglaries of several residences in the Dover area.

Judge Audrey Strait handed down the sentences and set them to run concurrently.

Hilderbrand's offenses occurred during the year he ran free after escaping from the State Hospital in Little Rock.

He first was sent to prison in 1959 for robbing a tourist couple near his home near Dover. He received a furlough that November to visit his sick father and neglected to return.

After a much-publicized manhunt, he was recaptured in October 1960 and sent to the State Hospital for a mental examination. He escaped from there in August 1961.

He was recaptured Oct. 5 in the front yard of his father's home near Dover.

Emerson Workers Refuse Proposal

PARAGOULD, Ark. (AP)—Workers at Emerson Electric Co. here voted Wednesday to refuse a company proposal to settle a long-standing strike.

The proposal, approved by a negotiating committee for the International Union of Electrical, Radio and Machine Workers, would have placed striking workers on a priority list for re-hiring.

The local turned down the proposal by a vote of 135 to 19.

Golden Age Club Host to El Dorado

At a meeting at the Youth Center, Thursday, the local Golden Age Club played host to about 40 members of the El Dorado Senior Citizens Club, who had chartered a bus to visit with the local group and to look over the many attractions at Pioneer Washington.

The El Dorado group came through Hope about 9 a. m. Thursday morning, traveled on to Washington, and returned to have lunch with the Golden Age Club here.

Sandwiches, coffee, cold drinks, cake and other tasty items were served to the visitors about 12:30 at the Youth Center with about 70 persons, in all, attending the luncheon.

As things turned out, the El Dorado Club had a number of members with relatives in Hope, which made the conversation and fellowship even more interesting.

Everyone attending seemed to have a wonderful time and the visiting club had many nice remarks to make about the local Club's progress and organization.

Hope's Club will hold its next regular meeting on November 15th and all members and prospective members are urged to attend. You'll be surprised how much fun you can have.

Kennedys Building a Hideaway

WASHINGTON (AP)—President and Mrs. Kennedy are building a ranch-style house on Rattlesnake Mountain in the Virginia hunt country.

There's a splendid view of the Blue Ridge range from their 39-acre site 40 miles west of Washington—midway between Middleburg and Upperville.

Pierre Salinger, White House press secretary, said the one-story masonry and stucco house will have seven bedrooms (two of them for servants), 5½ baths, living room, dining room and kitchen. He said it is expected to cost around \$45,000.

The zoning permit filed in Virginia's Fauquier County estimates the cost for a house and stable at \$50,000. Usually such estimates come to about one-third or one-half the actual cost, local people say.

The scenic mountainside tract was bought from Hubert B. Phipps of Marshall, Va., publisher of the Fauquier Democrat newspaper and the Loudoun Times.

The President and his family have spent many weekends since early 1961 at Glen Ora, their rented country place near Middleburg. Their Glen Ora lease has been extended until the new house is completed.

Jack Cannon and his band will play at the Youth Center immediately after the football game tonight.

Game Warden Dale Bonds reminds that the deer season which for the Senate, Warren Liebong, opens this month is for bucks only. . . . Hempstead is not open to doe hunting this year.

X-rays at Ward 4 totaled 139 and at Spring Hill 57 . . . thus the total to date is 729 in the county unit will be at Hempstead Courthouse until 4:30 p. m. . . . all said they would send today.

Sen. J. William Fulbright, Rep. Oren Harris and Gov. Orval Faubus, who oppose the Republican, all said they would send today.

Representatives.

Missile Bases Being Dismantled in Cuba U.S. Photos Reveal

WASHINGTON (AP)—Preliminary analysis of photographs made Thursday shows clear indications that dismantling of missile bases in Cuba is proceeding, Secretary of Defense Robert S. McNamara said today.

A Defense Department spokesman told newsmen that the pictures show that missile launcher erectors have been removed from the sites.

Much of the associated launch equipment has been removed, the spokesman said, and cable conduits between control points and launching pads have been broken up.

The concrete pads for the launch erectors appear to have been broken up with an air hammer.

Certain areas of the sites have been plowed and bulldozed, the spokesman said.

Aerial reconnaissance over the island was resumed Thursday after a two-day recess for the visit of U Thant, acting Secretary-General of the United Nations, in efforts to arrange for U.N. inspection of the dismantling promised by Soviet Premier Khrushchev.

Assistant Secretary of Defense Arthur Sylvester read this statement by McNamara:

"The secretary of defense announced today that preliminary analyses of the aerial photographs collected by yesterday's reconnaissance mission provides clear indications that work is proceeding on dismantling of the missiles."

Asked whether a blockade is still in force to prevent more offensive weapons from being shipped into Cuba, a Pentagon spokesman said the Navy ships continue on station.

Authoritative sources disclosed Thursday night that high altitude U2 flights over Cuba have been halted and the watch is being kept through low level photographic missions.

These government sources said there has been no scaling down in the degree of aerial surveillance.

The U2 missions over Cuba were scrubbed after one of the planes and its pilot were lost last weekend, according to informants.

Low flying reconnaissance planes—coming in swiftly below radar and exploding surprise—are considered less vulnerable than the U2s which go into a slow glide when they are taking pictures.

Officials are virtually certain that the U2 piloted by Air Force Maj. Rudolf Anderson Jr., Greenville, S.C., was knocked down by a Soviet anti-aircraft rocket.

And they believe the rocket was launched by Soviet missile men manning the 22 anti-aircraft rocket bases known to be operational in Cuba.

This information developed as the U. S. Navy stood guard over the shipping lanes into Communist Cuba.

If there have been any ship intercepts since the arms blockade was clamped on again Thursday, they have not been announced.

The Defense Department said late Thursday that a reconnaissance mission had been conducted over Cuba earlier in the day and that "the planes returned without incident." There was no elaboration.

Arthur Sylvester, assistant secretary of defense, said no analysis of the pictures was expected before today—but he did not

Would Fill Court Vacancy Soon

LITTLE ROCK (AP)—The vacancy on the Eighth United States Court of Appeals should be filled "as soon as is practical," and by an Arkansan, Sen. John L. McClellan, D-Ark., said Wednesday.

McClellan said he had discussed the vacancy on the St. Louis court with Attorney General Robert F. Kennedy before Congress adjourned and several persons were mentioned as possible candidates for the post. He declined to name the persons.

There are seven judges on the court of appeals, which serves Arkansas, Missouri, Iowa, Minnesota, North Dakota, South Dakota and Nebraska.

There has been a vacancy on the court since Jan. 1, 1961. Arkansas has not had a judge on the court since the death of Walter G. Riddick Sr., in 1953.

GOPs Make Statement on School Tax

The Hempstead County Republican Committee and G. D. "Bushter" Royston make the following statement in regard to school financing in general and the 5 mill increase in particular. We, invite the Democrat committee to state their position on this important matter. We make the following points:

1. The only satisfactory solution to the school problem lies in proper assessment and correct evaluation of all property. This should be made on the site of the taxable property.

2. Most schools in Hempstead County are in debt and are in need of additional revenue from source. Most are paying interest on their indebtedness to out of state bonding companies. This is Arkansas tax payer's money.

3. The State of Arkansas has up to 40 million uncommitted dollars on deposit in banks around the state that is not bearing interest. Even if we agreed that this is a "cushion" we think it would be financial emergency in the foreseeable future.

4. We feel the 1963 general Assembly should take steps to assist school boards in financial trouble if a review of the financial records of the last 10 years reveals that they have not mismanaged their available funds. A special committee could be formed to review all statements and allot funds on the basis of proven needs, population, prospective income, and etc.

5. Why shouldn't we take Arkansas tax money to help Arkansas tax payers who are faced with additional taxes if something is not done to alleviate this increasingly difficult position. Would you borrow \$500. And pay interest on it if you had \$1000.00 in the bank?

6. We realize the 5 mill tax is not on the general election ballot but its future and that of the schools are tied inescapably to politics and politicians. A proper approach by our politicians might make it unnecessary to attempt to levy new taxes.

Continued on Page Four

What About Soviet Planes, GOPs Question

WASHINGTON (AP)—Two Republican leaders asked President Kennedy today to explain whether the proposed Cuban agreement means Soviet jet bombers and military men will remain in Cuba.

And, said Sen. Barry Goldwater of Arizona and Rep. Bob Wilson of California, the President also should "clarify for the American people" whether his agreement with Soviet Premier Khrushchev cancels "an invasion which already had been planned" as reported in some newspapers.

Goldwater, chairman of the Senate Republican Campaign Committee, and Wilson, chairman of the GOP House Campaign Committee, raised eight points in connection with the proposed agreement.

"Since Mr. Kennedy canceled his Thursday news conference—eliminating the possibility of the press asking some of these troublesome questions—we believe it vital to the security of the country that they be asked and answered at once," Goldwater and Wilson said in a joint statement.

The eight points the two Republicans said Kennedy should clarify are these:

"(1) Does the no-invasion pledge constitute an abandonment of Cuba to the Communists and the perpetuation of a Red base for espionage, sabotage and propaganda incursions throughout the rest of Latin America?"

"(2) Does the agreement supersede the Organization of American States accord reached at Punta del Este, Uruguay, last January, which urges member states to take whatever steps are necessary, including force, to repel subversion of their countries?"

"(3) Does this assurance to Khrushchev mean that we have junked the Monroe Doctrine?"

"(4) Are the Cubans who fled to this country from Castro's terrorism and who so long have lived in the hope of eventually liberating their homeland to be abandoned?"

"(5) Did the agreement with Khrushchev force a cancellation of an invasion which already had been planned, as reported in some newspapers, and which could have eliminated communism completely from Cuba?"

"(6) Does the agreement with Khrushchev mean that the 5,000 to 8,000 Soviet 'technicians' and other military personnel will be allowed to remain in Cuba and continue to direct that nation's affairs?"

"(7) Does the agreement allow for completion of the so-called 'fishing port' which Moscow is building in Cuba and which many experts have said would, in fact, be a base for Soviet missile-carrying submarines?"

"(8) Does the agreement call for the removal from Cuba of such offensive weapons as the 12 MIG supersonic fighter-bombers now on the island and the bases under construction for their use?"

J. E. Campbell Dies in Texas

Joseph E. Campbell, formerly of this area, died at his home in Baytown, Texas. The body will be returned here for burial at 10 a. m. Sunday with graveside services at Forrest Hill Cemetery.

Jonesboro Loan

WASHINGTON (AP)—The Department of Health, Education and Welfare has approved a \$300,000 Hill-Burton Act grant for a new \$600,000 60-bed annex at St. Bernard's Hospital in Jonesboro, Ark. Construction is expected to begin immediately.

TWINTYPES—Twin couches, twin lamps, twin sisters and twin brothers form the house-
hold of the Chases who live in a jointly-owned home in Thornton, Colo. Left to right:
Herbert Chase, son Maurice, wife Jean; Emmajean; mother Jane, father Delbert.

Nuclear Blast Brings Near Devastation

EDITOR'S NOTE: The immedi-
ate threat of nuclear war seems
to be past, but the tensions of
last week brought home to mil-
lions of Americans the horror that
would be nuclear war.
There is a renewed interest in
Civil Defense and citizen prepa-
redness, and in a series of three
articles The Associated Press pre-
sents a composite picture of (1)

Services.

Monday

ers meeting.

DAVIS CHAPEL CHURCH

Rev. H. A. Davis, Pastor
9:45 a. m. Sunday School, Mrs.
Odesa Campbell, Supt.
11 a. m. First and Third Sunday
— Morning Worship.

OLD TIMER—Jean Mauricourt, 4, compares 45-rpm record with two-foot disc on her grandmother's ancient nickel-
odeon in Cleveland, Ohio. Little Judy Gatins, 2, can't
reach quite high enough to wind it. Nickelodeon, which
once entertained customers in a corner saloon in the 1890s,
can play 30 minutes without rewinding. Metal discs turn
once every 2½ minutes and play pretty tinkling music.

the effects of the blast, (2) sur-

vival in a prepared shelter and
(3) survival at home.

These articles are prepared in
cooperation with Civil Defense
and are only a brief summary.
Detailed information should be
obtained from local or regional
Civil Defense offices.
This first article deals with the
blast, its effect, and the effects
of radiation.

First of a Series

By WICK TEMPLE
Associated Press Staff Writer

The nearest thing to hell on
earth is the explosion of a nuclear
bomb.

A five-megaton bomb explodes
with a searing flash that lasts a
minute and levels everything in a
two-mile radius.

The heat rays kill unprotected
people for a radius of 10 miles.
Then comes a shock wave travel-
ing at 2,000 miles an hour, with a
power 33 times that of a freight
train.

The blast may start a fire
storm in the immediate area and
ground zero would be not unlike
the surface of the sun.

Hundreds of fires would be
started in the 10-mile area around
the blast.

The shock wave loses much of
its force within 10 miles, but after
it, comes a violent wind which
picks up loose objects and hurls
them with killing force.

There is no protection against
the blast. We can only hope it
doesn't hit us or our families.

But for the thousands of people
killed in blasts in nuclear war-
fare, millions would be killed by
the awesome side effect—radia-
tion.

As the fireball rises, it draws
up a large amount of earth and
debris that is melted or vaporized
and contaminated by the radio-
active residue of the explosion.

Soon this material condenses in
the upper air and begins falling
back to earth as radioactive fall-
out. Where it falls is determined
by high-altitude winds.

Five miles from the explosion,
the heavier particles would reach
the ground in 30 minutes after
the blast. Twenty miles away,
people may have almost an hour

to prepare.

One hundred miles away the
fallout descends within 24 hours.
Some particles remain aloft for
months.

The fallout particles do not
contaminate the air as they fall
through it. They are about the
size of grains of sand or salt.

You probably could see them but
you could not detect the radiation.

Each person receives an aver-
age of 10 reentgens of nuclear
radiation in his lifetime. Exposure
to more than 300 reentgens over
a short period of time will cause
sickness, then death. Some people
become ill at an intake of 100
reentgens.

Young people are more apt to

absorb radioactive elements into
their bones and internal organs
than are older people and since
young people are potential
parents, they should be protected
as much as possible. Radiation
can have genetic effects on future
generations.

Radiation sickness is not con-
tagious and fallout radiation can-
not make anything radioactive.

There is little chance that
medicine will be developed to pro-
tect people from fallout radiation,
so shielding from the particles is
the only effective means of survival.

Fallout radiation would pass
through any type of practical pro-
tective clothing. Dense materials
such as earth and concrete are
needed to stop the penetrating fall-
out rays. A frame home provides
50 per cent protection from radia-
tion.

People with fallout on their
clothes probably would not be
dangerous to other people, but
they should wash thoroughly and
dispose of the clothing for their
own protection.

The first two days after an
attack will present the most dan-
ger, although strong radiation
would longer for two weeks. There
are long-term damaging effects
but they are not known in great
detail.

Fallout would be the major
danger 50 miles from the blast,
because all buildings would re-
main standing. The fading shock
wave would arrive in about five
minutes and would shatter win-
dows. Hills would deflect the
shock wave to some degree.

(Tomorrow: Community and
home fallout shelters, what to put
in them and how to use them.)

The Hempstead County Republican Committee

Is Seeking to Establish a 2-Party System in Ar-
kansas and ask your Support for the Following
Candidates on the General Election Ballot:

For Senator

Kenneth Jones

For Congressman

Warren Leiblong

For Governor

Willis Ricketts

For Representative

G. D. (Buster) Royston

For Tax Assessor

C. H. Partin

For Coroner

Dr. Lynn Harris

Bobcats Take on Out of State Eleven

By VINCE FOSTER

Tonight the Hope Bobcats will be trying for their sixth win in a battle at Hammons Stadium with the Tigers from Logansport, La. This game begins the final third of a 12 game season for the Cats, and it could be just as profitable as the first third.

If there ever was a one-man team, it is the Logansport Tigers. Their whole offense is built around their 195 pound fullback, Jenkins, who will carry the ball 75 per cent of the time. For instance, in a game earlier in the season, Jenkins picked up 230 of the 235 yards the Tigers made. He runs the hundred yard dash in just over ten seconds making him especially dangerous. The Tigers run a straight T formation, using belly series off tackle and pitch sweeps. Coming here the underdog, Logansport, will be hungry for a Bobcat upset.

Still boasting of their tremendous upset over Camden last week, the Bobcats can't seem to get very worried about Logansport. And although the Tigers will surprise the Bobcats shouldn't have too much trouble with them. Tackle, Knapall Yocum is returning to the squad tonight after a knee injury, and QB Mack McLary also may see limited action.

Looking ahead, the Cats face a tough Hinesville, La. team there next Friday and then play host to a mediocre Arkadelphia eleven the following week. Turkey Day the Bobcats travel to Nashville for the annual final game of the season rivalry. This game should be marked on the calendar, because, since the Bobcats have one of their best teams in a number of years and the Scorpions are thus far undefeated, this very well might be the game of the year for both teams.

Green Bay, Victories Very Close

By JACK CLARY
Associated Press Sports Writer

NEW YORK (AP)—Green Bay and victory are getting to be as compatible as ham and eggs as the Packers drive toward the first unblemished record in the National Football League in 20 years.

They'll be going after their 17th straight victory, including six during the exhibition season, in Chicago on Sunday against the Bears, whom they walloped 49-0 last month. The Bears, now 4-3, must win or have their Western Conference title hopes extinguished.

Washington's slightly shaken Redskins (4-1-2) also must beat the Dallas Cowboys (3-3-1) or face the danger of losing first place in the Eastern Conference to New York (5-2), which is a 2-touchdown favorite over the St. Louis Cardinals (2-4-1).

This week's picks (last week correct, 5 wrong; season: 41 correct, 31 wrong, 2 ties):

NFL

Green Bay over Chicago—The Packers get victory No. 8 and crush the Bears' title hopes. Paul Hornung may not see much action but Tom Moore has done the fill-in job superbly in backfield with No. 1 rusher Jim Taylor. Bears having offense problems.

Dallas over Washington—Eddie Lebaron, Amos Marsh, Don Perkins and a young, strong defense have made giant strides for the Cowboys since opening day tie with Eastern Conference leaders.

Detroit over Los Angeles—Lions' defense, which has been carrying the load for past four games, should get a respite with Milt Plum's passing against battered Rams.

New York over St. Louis—Giants have what Coach Al Sher-

When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

First Deer Season Opens November 12

By THE ASSOCIATED PRESS

Arkansas sportsmen open the first gun season for deer Nov. 12 under rules that are more liberal than in previous years but which differ widely in different parts of the state.

The regulations have been eased to permit wide spread killing of deer, but hunters face penalties if they shoot the wrong kind of deer in the wrong place or in the wrong period.

Pamphlets are available from the Game and Fish Commission and game wardens are qualified to advise hunters on the ground rules in any given area.

Regulations on the use of dogs could cause confusion. In some parts of the state, any breed of dog may be used. In other parts, it's beagles only. And in some areas, all dogs are prohibited.

The three gun periods are Nov. 12-17, Dec. 10-15 and Dec. 27-31. Limit is two deer, but no more than one may be taken in any one period.

Counties open in the November period to any deer (with or without dogs) are Arkansas, Ashley, Chicot, Desha, Drew, Lincoln, Union, Monroe south of Highway 70 and Phillips south of Highway 20. Bucks only may be taken in the remainder of the state, except in areas that are closed to deer hunting.

Counties open for taking any deer during both December periods (without dogs) are Benton, Boone, Carroll, Cleburne, Crawford, Franklin, Fulton, Independence, Izard, Jackson, Johnson, Lawrence, Logan, Madison, Marion, Newton, Randolph, Scott, Searcy, Sebastian, Sharp, Stone, Van Buren, Washington, White and Woodruff.

Baxter county is open for bucks only, any dog, the first two periods and for any deer without dogs the last period.

The remainder of the state is open to bucks only.

Hunters may use either rifles or shotguns in all parts of the state in all three periods, except for the Bidwell Point area of Baxter County, which lies between Lake Norfolk and Highway 101. The rules here call for shotguns only.

Variations in the regulations arise when the Game and Fish Commission adapts its management policies to local requirements.

Fight Results

By THE ASSOCIATED PRESS

WORCESTER, Mass.—Tom McNeeley, 203, Boston, stopped Earl Atley, 204, Philadelphia, 8.

LOS ANGELES—Charlie Powell, 224, Los Angeles, outpointed Dave Fureh, 204, Phoenix, Ariz., 10.

MIAMI—Tim Ford, 149, Jacksonville, Fla., outpointed Rocky Randall, 147, Houston, 8.

TOKYO—Robert Luna, 117, Mexico, stopped Masao Ogawa, 17½, Japan, 4.

man calls "momentum," which is another way of saying Y. A. Title, Del Shofner, Joe Walton and that ever-steady defense.

Cleveland over Philadelphia—Browns also gathering steam despite loss of quarterback Jim Ninooski for season. Frank Ryan took over and did a steady job last week in the Steelers' game.

Baltimore over San Francisco—Return of Joe Perry and Len More has beefed up Colts ground game and given Johnny Unitas some room for his pinpoint passing. 49ers will miss Bill Kilmier.

Minnesota over Pittsburgh—Upset special this week, with Fran Tarkenton's passing and running of Tommy Mason to provide the spark.

AFL

Buffalo over Boston—Bills have hit stride with three straight wins. Warren Rabb providing solid quarterbacking and Cookie Gilchrist's running best in league.

Houston over Dallas—Oilers George Blanda and halfback Billy Cannon get best of a rock 'em, sock 'em battle in Cotton Bowl against Len Dawson and Abner Haynes of Texans, avenging last week's loss.

Denver over San Diego—Broncos back in stride against Chargers, whose offense is nil because of lack of experienced runners and inadequate quarterbacking.

New York over Oakland—Titans have good quarterback in Johnny Green and he's found secret of hitting Don Maynard and Art Powell for the touchdown.

Mrs. Cynthia Both has established the Tigoni Primate Research Center, a laboratory for the study of monkeys, on a farm near Nairobi, Kenya.

Porks Have to Win to Stay in Running

COLLEGE STATION, Tex. (AP)

The Arkansas Razorbacks, ranked eighth in the nation, will match 2-1 records with Texas A&M in a crucial Southwest Conference football battle here Saturday night.

The winner will step in the race for the title. The loser is out.

The Razorbacks, led by fiery quarterback Billy Moore, will be in almost the best physical condition since the season began.

Monster man Billy Joe Moody and end Jim John all came off the injury list this week. John had been out since the season began with a ruptured blood vessel in his nose.

The Porks will not have Jerry Lingherger, the center whose career ended early this season with a torn knee.

Texas A&M lost to Texas Christian University, which Arkansas crushed handily. And the Aggies had to come back in the closing stages to earn victory nods over Baylor and Texas Tech.

But the Aggies managed to bottle up Baylor's passing ace, Don Trull, and this could mean trouble for the Arkansas air game.

Texas A&M has big, tough and durable fullbacks in Lee Roy Caffey and Sam Byer, both of whom are two-year lettermen.

Texas A&M admittedly will be aiming to stop Moore, the spark-plug of the Razorback attack and the conference statistical leader.

Arkansas' Brabham provides god power game inside, and Jesse Branch and George Walker give Arkansas a double threat at the halfback slots.

Tom McNelly proved against Texas, which downed Arkansas 7-3, that the Razorbacks can score long-range if need be. He booted a field goal over 40 yards against the Longhorns and it was good enough to win the game until Texas scored in the last 40 seconds.

The Aggies have been tough for Arkansas in the past. Last year Arkansas' title-bound Porks came back in the last two minutes to grab a narrow 15-8 decision.

Crowd of 25,000 is expected for the 7:30 p.m. kickoff.

Mississippi Campus Life Now Normal

By BEN THOMAS

OXFORD, Miss. (AP)—Normal sounds of campus life—rallying cries for a football team—returned to the University of Mississippi in the wake of a stern warning by Chancellor J. D. Williams against rowdism.

More than 5,000 students greeted Thursday's action, including expulsion, was promised by the chancellor in two

directed at James H. Meredith, the Air Force veteran who became the first Negro ever knowingly admitted to Ole Miss.

Instead, the students aimed their yells against Louisiana State University, the Ole Miss football rival Saturday night.

A short distance away Meredith, 29, remained in his two-room apartment in Baxter Hall where he turned to the University of Mississippi military police guard all entrances with fixed bayonets.

"Swift and drastic disciplinary action, including expulsion" was promised by the chancellor in two

speeches Thursday to nearly all of the male students.

"The university could lose its accreditation if there are further breakdowns in student behavior," Williams said. "An institution can retain its accreditation only so long as it maintains on its campus a climate that is conducive to study and learning, an atmosphere favorable to intellectual pursuits."

"If there are any who cannot support the establishment of peaceful and orderly conditions, he advised that I am prepared to see us part company."

The talk drew ringing applause.

The chancellor's talk came less than 24 hours after a raid by

MP's on a dormitory Wednesday night. The search, under supervision of university officials, turned up a small cache of weapons.

University officials said disciplinary action against eight to 10 students would be considered today by the Student Judicial Council.

Earlier this week, protests against Meredith reached their highest peak since the bloody rioting of Sept. 30 which left two dead and scores injured. Monday and Tuesday night a barrage of fire crackers—mostly the loud-sound-

Injuries Fatal

RUSSELLVILLE, Ark. (AP)

Ralph Harmon, 35, of Russellville, died Thursday night in Russellville hospital of injuries suffered earlier in the evening when his car went out of control and smashed into a city power pole. Harmon, an insurance man, was president of the Russellville Chamber of Commerce.
